

CODE RUSH

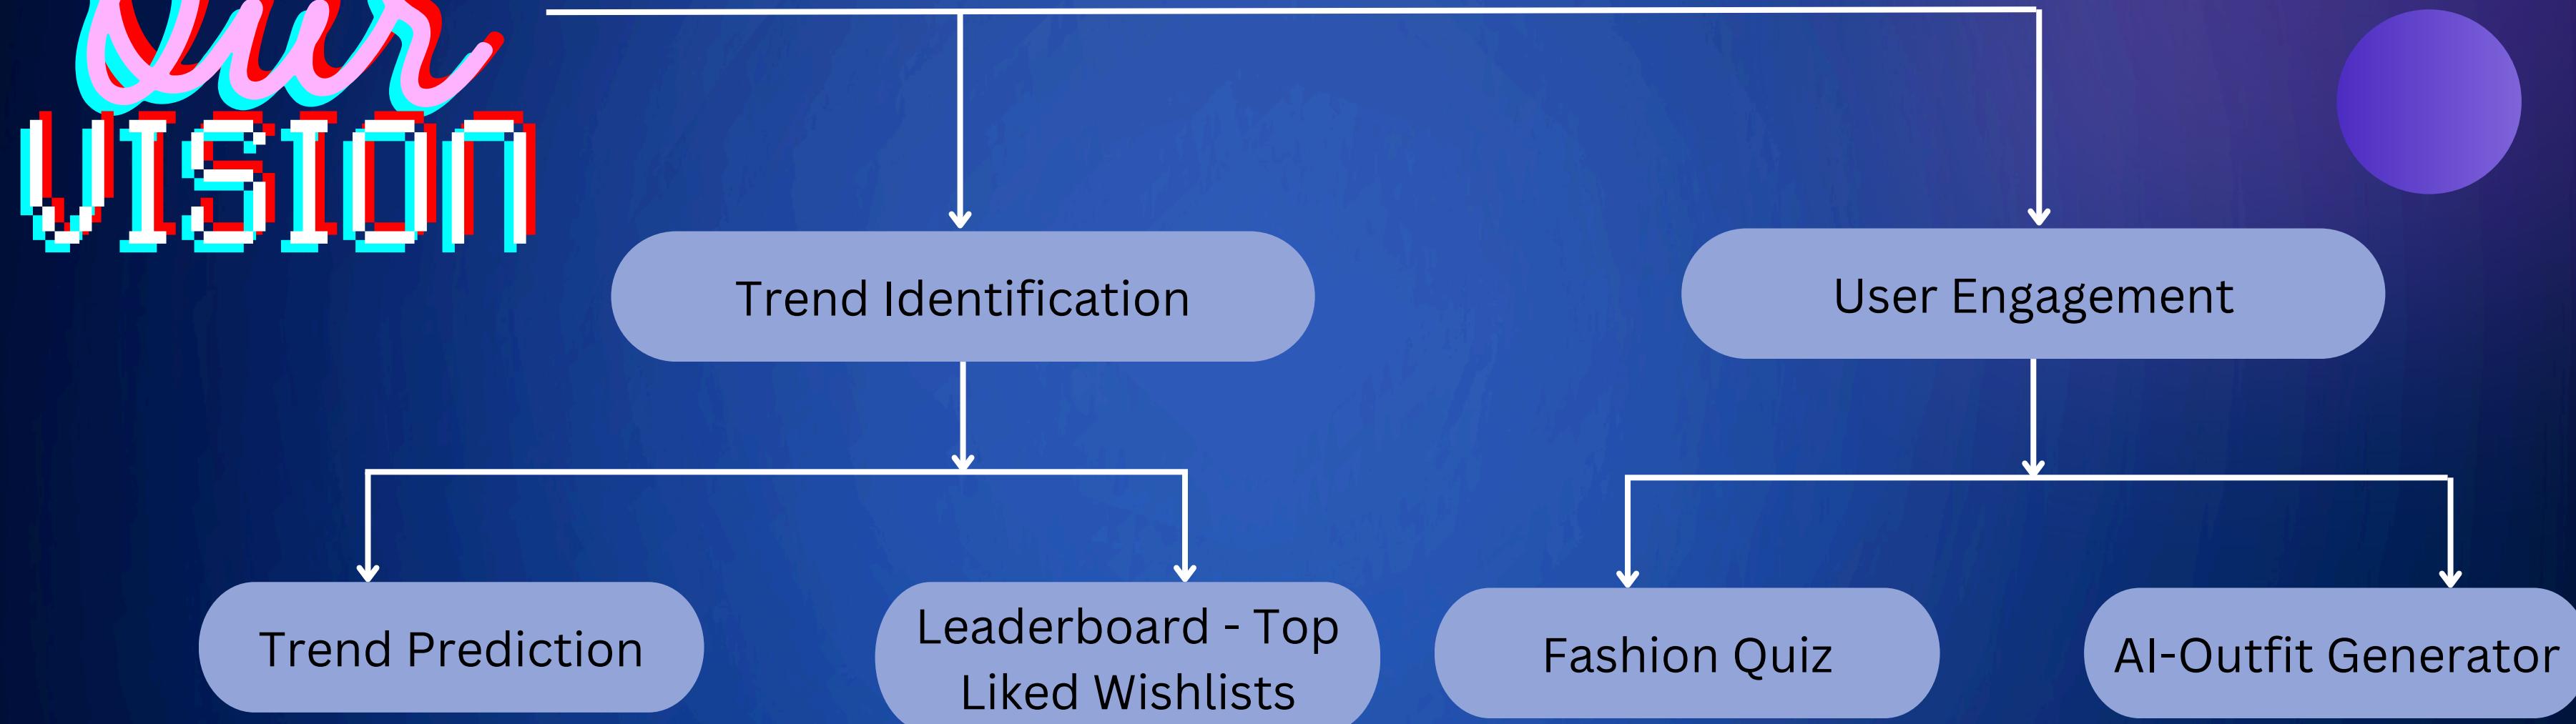

Where AI Meets Chic Vision

IIIT BBSR - REENMAYEE PANDA, SHRUTI REKHA NAIK

FASHION'S NEXT FRONTIER

*Our
VISION*

TREND IDENTIFICATION

TREND PREDICTION

Our trend prediction lets users predict fashion trends, which are matched against actual trends, engaging them while gathering valuable data and staying ahead of fashion curves.

LEADERBOARD

Our leaderboard displays the most-liked wishlists, encouraging users to engage by liking and saving. Popular wishlists gain rewards and visibility, fostering competition and community while identifying trending styles.

USER ENGAGEMENT

FASHION QUIZ

Our fashion quiz features engaging, humorous questions to test fashion knowledge and trends. Users enjoy a fun experience while learning about style, enhancing their overall shopping journey.

AI-OUTFIT-GENERATOR

Our AI-outfit-generator creates personalized fashion ensembles based on user preferences and current trends, enhancing the shopping experience with tailored recommendations.

JOIN US IN SHAPING THE FUTURE

of fashion with our innovative platform. Engage with trend predictions, compete on our leaderboard, enjoy interactive fashion quizzes, and experience personalized outfits powered by AI. Be a part of a community that's redefining the shopping experience and leading the way in style and technology.
